

# INTERSEMESTER PROGRAM

## THE UNIVERSITE DE TECHNOLOGIE DE TROYES

The UTT is a public institution that depends directly on the French Ministry of Higher Education, Research and Technology. It has the advantage to combine all the assets of the engineering “Grandes Ecoles” and those of universities. It develops simultaneously and coherently three missions: education, research and transfer of technology.

## Troyes and the region

An hour and a half from Paris by road or rail, Troyes, once the regional seat of power for the Counts of Champagne, is a city rich in art and history. The old city center has kept intact its medieval architecture with its half-timbered houses and Champagne checkerboard façades of alternating dark-red and chalk bricks
